LOCAL RESULTS.

Unofficial Returns of Lawrence County Election.

Democrats and Republicans Divide the Offices in This County, With One A Tie.

The election in Lawrence county resulted as follows, according to the latest and most reliable returns obtainable:

For State Senator.	
J. Howard Williams, Dem.,	1756
M. M. Burgess, Rep.,	1770
For Representative.	
John McDyer, Dem.,	1843
John McMurray, Rep.,	1629
For County Judge.	
W. M. Justice, Dem.,	1698
J. B. Clayton, Rep.,	1839
For Attorney.	
C. F. See, Jr., Rep.,	1844
A. J. Garred, Dem.,	1723
For County Court Clerk.	
M. A. Hay, Dem.,	1833
Sam Doc Frazier, Rep.,	1740
For Sheriff.	
R. A. Stone, Dem.,	1840
J. H. Thompson, Rep.,	1771

Went Kitchen, Dem.,	1734
James Boyd, Rep.,	1734
For Supt. of Schools.	
J. H. Ekers, Dem.,	2069
J. B. McClure, Rep.,	1749
For Jailer.	
Al. Hays, Dem.,	1750
Noah Wells, Rep.,	1794
For Magistrate.	
Marcum, Dem.,	226
Fugate, Rep.,	236
For Constable.	
Hatfield, Dem.,	234
Miller, Rep.,	217

State Senator.

Latest returns from this Senatorial district are as follows: Elliott county gives Williams, Dem., about 500 majority. Greenup gives Burgess, Rep., 40 majority. Boyd gives Burgess 26 majority. Lawrence gives Burgess about 15 majority. Williams will be elected by over 400 majority.

Legislature.

John McDyer is elected Representative from this district, composed of Boyd and Lawrence, being the first Democrat to hold this office in twenty years. His majority will be over 300.

About 300 women voted in Lawrence county for Supt. of Schools. The constitutional amendments were almost overlooked on account of the unusual interest in the race for county offices.

Less than 100 Progressive votes were polled in Lawrence county.

Municipal Election.

The city of Louisa held its quadrennial election of officers on Tuesday last, using the polling places where the county and district officers were voted for. There was much interest manifested in the contest for mayor and police judge, the race being very spirited. R. L. Vinson, Democrat, and William Carey, Republican, were the candidates for Mayor. Capt. Frank Freese, Democrat and Billie Riffe, Republican, were candidates for Police Judge. The following is the vote:

In the lower precinct Freese 96, Riffe 121 Riffe's majority 25. In the upper precinct Riffe's vote was 60, Freese's 54. Riffe's majority 6, making his majority in the city 31.

In the lower precinct Vinson received 128 votes and Carey 89, majority for Vinson 39. In upper Louisa Vinson's vote was 51 and Carey's 56, Carey's majority 5. These figures, which were taken from the poll books, make Mr. Vinson Mayor by a majority of 33, and Billie Riffe Police Judge by a majority of 31.

The Democratic candidates for city council had no opposition. They are F. H. Yates, C. B. Bromley, W. N. Sullivan, H. G. Wellman, G. S. Wilson and N. D. Waldeck. Wellman and Wilson are members of the present board.

THANKSGIVING DAY.

Thursday, November 27, will be observed as a day of thanksgiving throughout the United States. The President has issued a proclamation calling upon the people to observe that day, and the Governor of Kentucky as set apart the same Thursday. Following the custom the churches of Louisa will hold a union service, but the place and the preacher has not been named. This, however, will be done and announced later from the various pulpits and in the NEWS.

ANOTHER JUDGE CLAYTON.

Half a century ago John Clayton, deceased, was county judge of Lawrence. He was a good citizen, honest man and upright officer. On Tuesday last his son James Clayton, of this city, was elected to the place held by his honored father. The son is a sober, intelligent man, of sterling qualities. He is conversant with the forms of law and the procedure of courts and will no doubt make an acceptable judge.

TIED FOR ASSESSOR.

The uncanvassed election returns show that Went Kitchen, Democrat, and John Boyd, Republican, received an equal number of votes for Assessor. The official count may untie them, but in case it does not the matter may be decided by lot. This condition has not existed in Lawrence county for many years, if ever before.

PAINFULLY HURT.

On Thursday evening last Mrs. G. W. Wroten stood upon a chair to adjust a gaslight, and in getting down the chair overturned, causing her to fall heavily to the floor. In her fall the chair struck her on the left side with such force that she has been confined to her bed ever since. Mrs. Wroten is much better but still suffers from the effects of her unfortunate fall.

CALLED TO JOHNSON.

On Monday last Dr. L. H. York was called to the home of Jim Stapleton, who lives near Flat Gap, to see his 12 year old daughter. She was suffering with appendicitis and the doctor successfully operated for her relief. He returned to Louisa on the following day.

NEW TIME TABLE.

Reports from the "sand house" say that on Sunday next a new C. and O. time card will take effect. According to the reported schedule there will be some decided changes made.

From Beaver To Louisa.

Mr. A. L. Martin and family have moved from Beaver creek, Floyd-co., to this city and are occupying the McHenry residence on South Jefferson-st. Mr. Martin went to his Floyd home to vote.

BLIND BOY NOW SEES.

Successful Operation on 16-year-old Boy Who Was Blind from Birth.

With two good eyes, Edgar Coleman, the sixteen year old former blind boy on whom an operation was performed several weeks ago at the Huntington hospital, was discharged yesterday afternoon. He left at once for his home at Sheridan, O., where he will stay for a month.

He said that he would start to school soon. The doctor instructed the happy youngster that he should not use his eyes for the close work required in the schools for a month, because of their weakness following the operation but after that time he could use them without fear of serious consequences.

Young Coleman was found begging on the street sometime ago by H. C. Taylor and Attorney Hal Marcum. He was then taken to the doctor to determine whether or not he was "faking" blindness in order to secure alms.

There the sympathy of Mr. Taylor and Attorney Marcum was aroused when the doctor stated that the little fellow was blind and on the statement of the boy that he had

never been able to see. It was learned from his father that he had been blind since birth.

After a careful examination of the child's eyes the doctor agreed to perform the operation free in case \$50 would be raised by subscription to pay his hospital expenses.

The Herald-Dispatch became interested and printed an appeal for funds. Though only \$50 was asked the people of Huntington and the surrounding country responded nobly and within a few hours nearly \$100 was raised and held for the boy at the Herald-Dispatch office.

He was taken to the hospital where an operation on one eye was so successful and last Saturday the doctor completed the work.

The delight of the little fellow when he cried in ecstasy: "Oh, doc, I can see! I see!" was indescribable. He was so happy he could scarcely talk.

He said he thought he would be a doctor or lawyer when he was able to go to school and "learn things." He also enjoyed the manner in which the young women of this city dress, and thought he'd "get him a girl too," after he made a lot of money.

Little Coleman was earnest in his statement that he would "try to please" all the good people" who contributed to his aid by being a "good man."

Though without education, illiterate in the extreme, the former blind boy is in the vernacular "as smart as a tack." He seems ambitious and now that he has two good eyes he may be able to realize it and make up for some of the lost time he has spent since his babyhood.

He was purchased a new suit out of the funds contributed.

When the doctor went to the hospital yesterday afternoon after Coleman he found the little fellow playing in the hospital yard with what he called a "couple of plater pups." Coleman was chasing the dogs around the yard making life lively for them.

KILLED BY C. & O. TRAIN.

Aged Woman Meets Instant Death at Auxier.

On Wednesday afternoon, as C. and O. passenger train No. 39 was passing Auxier, a station about 40 miles east of Louisa, an aged woman whose name was said to be Hunter attempted to cross the track almost directly in front of the engine. She was struck by the locomotive and hurled several feet and was instantly killed. It is said that she and her husband were walking on the right of way, the man on one side of the track and the woman on the other, and that the woman attempted to cross over to her husband and lost her life in the effort. Her husband was the first to reach his unfortunate wife. He raised the lifeless body, and holding it to his bosom gave way to his feelings in sobs and tender words. The woman's neck was broken, and other than a deep cut in the back of her head the body was not mangled.

Louisa Versus Prestonsburg.

On Saturday last the Louisa football club went to Prestonsburg and "had it out" with the local team of that pretty village. Victory perched on the pennants of the up-river lads, they winning the game by four "touch-downs," whatever these may be. From the little sporting editor of the NEWS has seen of football he was led to believe that the "touches" made in the game were not very downy. The Louisians were much pleased with the manner in which they were received and treated by their antagonists.

A Clerk's Office Wedding.

On Saturday, Nov. 1st, in the County Clerk's office, this city, Miss Belle Webb, of Fort Gay, was married to W. B. Spradlin. The officiating minister was the Rev. S. F. Reynolds.

THOMPSON vs. THOMPSON.

The Court of Appeals has recently affirmed the case of Thompson vs. Thompson, appealed from the Lawrence Circuit Court.

THE ELECTION.

Next General Assembly of Kentucky Democratic.

Massachusetts and New Jersey Elect Democratic Governors.---Other Election News.

The Democratic candidates for the General Assembly and for county offices throughout Kentucky scored sweeping victories, carrying practically all of the counties usually going Democratic, with a single exception, and taking from the Republicans many of the districts formerly counted Republican strongholds. Both branches of the Legislature will be overwhelmingly Democratic.

Democrats carried every ward but one in Louisville, and elected candidates to every office by increased majorities over four years ago. From the incomplete returns received it is indicated that the two amendments carried.

W. F. Axton, Progressive candidate for Mayor, announced that he would make a contest, charging fraud.

The Democratic party was returned to power in Lexington and Fayette county, defeating their opponents on the fusion ticket by decisive majorities.

John Purroy Mitchel, Fusionist, was elected Mayor of New York by about 100,000, pulling through his entire ticket.

David J. Walsh, Dem., was elected Governor of Massachusetts. Gov. Fielder, Dem., was re-elected in New Jersey by 20,000 plurality. Republicans secured control of the New York Assembly, while the New Jersey Assembly appears to be Democratic.

Sulzer was elected to the Assembly in New York.

Joseph E. Bell, Dem., was elected Mayor of Indianapolis, and Mayor Hunt, of Cincinnati, Dem., was defeated by Spiegel, Rep.

Floyd County.

The winners in Floyd county are as follows:

County Judge, B. C. May, Dem. Clerk, J. N. Harris, Rep. Attorney, W. Lee Roberts, Dem. Sheriff, O. H. Stumbo, Dem. Janier, Joel Martin, Dem. Supt. Schools, Miss Oma Preston, Dem. Assessor, Hiram Hall, Dem. For Representative, E. V. Hall, Dem., carried the county by a big majority.

Pike County.

In our Pike county department on the eighth page will be found a detailed report of the result in that county.

Johnson County.

The following Republican ticket was elected in Johnson county: Representative, W. M. Webb. County Judge, Fred A. Vaughan. Attorney, Sam Stapleton. Clerk, Beecher Stapleton. Sheriff, Geo. W. Spears. Supt. Schools, Fred Meade. Janier, Sherman Trimble. Assessor, John Daniels. A very light Progressive vote was polled.

Boyd County.

State Senator, Williams, 1850; Burgess, Rep., 1876. Representative, McDyer, 1984; McMurray, 1899; Billups, Prog., 427. County Judge, Dr. J. H. Wade, Dem., 1971; W. A. Ginn, 1949. County Clerk, Monte Magann, D., 1512; Ed S. Hughes, Rep., 1859. Sheriff, J. E. Geiger, Dem., 2611; C. Whitcomb, Rep., 1777. Attorney, Jas. W. Burns, Rep. Jailer, Sam Deboard, Rep. Assessor, John W. White, Dem. Supt. Schools, J. G. Rucker, Dem. Coroner, Dr. H. S. Swope, Rep. Dr. William Saulsbury, chief of the Moose herd, was elected Mayor of Ashland.

The election in Catlettsburg resulted as follows:

Mayor, J. B. Sanford. Police Judge, J. H. McConnell.

Greenup County.

Burgess, Rep., for State Senator, carried the county by 40. James Scott for Representative, is elected by 80 majority. L. E. Nichols, for County Judge, defeated Joe Bennett, Rep., by 57 votes. This was one of the surprises of the election. County Clerk, S. V. Howland, Dem.; Sheriff, Mack Arthur, Rep.; Attorney, Thos. E. Nicholls, Rep.; Jailer, J. W. Stewart, Rep.; Supt. Schools, Miss Sophia Kitchen, Dem. At Russell, J. M. McClave, Dem., was elected Mayor.

Knott County.

The full Democratic ticket won in Knott county. Knott county gave E. V. Hall, Dem., for Representative, over Blair, Rep., 560. Indications show that Hall has carried the Letcher-Floyd-Knott district by a large majority.

Magoffin County.

The full Republican ticket was elected in Magoffin county.

Breathitt County.

Complete returns from Breathitt county give Riddell, Dem., for Circuit Judge, a majority of about 50 over Adams, Rep. Arnett, Dem., carried Breathitt by 250 over Mahaffey for State Senator. Arnett will be elected. Breathitt county has elected Democratic officials by a small majority.

Letcher County.

Blair, Rep., for Representative, carried Letcher county 480 over Hall, Dem. Henry T. Day, Rep., County Judge; C. H. Back, Rep. Sheriff; R. B. Bentley, Rep., Clerk; David Hays, Dem., County Attorney, were elected by a close margin.

Morgan County.

Fifteen out of 17 precincts in Morgan give Arnett, Dem., for State Senator, 1638; Mahaffey, Rep., 523. The two precincts will not materially change results. Entire Democratic county ticket elected by from 500 to 700. Cecil, Dem., for Representative, no opposition.

Ballots Stolen.

Pikeville, Ky., Nov. 5.—A report reaching here from another precinct in Floyd-co., says the ballots were stolen from the boxes by election thieves Monday night. County Judge Malone Hall was notified at Prestonsburg, and he immediately made arrangements with a printer at Paintsville to furnish an extra supply of ballots. These were completed shortly after midnight, and a special engine was chartered from Ashland which delivered the ballots from Paintsville to Antioch in time to allow the election to proceed on time Tuesday morning.

Rivers and Harbors Congress.

The National Rivers and Harbors Congress of the United States will hold its tenth annual convention in Washington, D. C., December third, fourth and fifth, 1913. The place in which the Congress will assemble is Convention Hall, New Willard Hotel. The opening address will be made by President Woodrow Wilson. The editor of the Big Sandy News has been honored with an invitation to attend the convention. On the reverse side of the card of invitation is the following:

In order to fully develop all our natural resources; reach the highest possible prosperity; compete on even terms with other nations for foreign trade; and receive our full share of the benefits from the building of the Panama Canal, we must improve our waterways and harbors. And if we who are now alive are to see these results and share in these benefits, the work upon a national waterway system must be pushed with all possible vigor. Your personal attendance upon the Convention, and the use of your influence to see that your city and state are fully represented, will materially aid in attaining these results and will be greatly appreciated.

THE FIRST TO VOTE.

In the battle of the ballots in Louisa on Tuesday last Mrs. John Cummings was the first of her sex to cast a vote in the upper precinct, while Mrs. Bascom McClure, of the lower ward, enjoys a similar distinction.

PLEASANT OBSERVANCES.

On Hallowe'en, Friday, Oct. 31, there were several pleasant observances, sane and sensible of the old English season. At least four different places the young people met and enjoyed themselves delightfully with rites and customs, viands and costumes appropriate to the occasion. Miss Emma Vaughan, at her home, Miss Goldie Byington at home and Miss Lora Ramey, at the home of her aunt, Mrs. H. C. Osborne, and Miss Rachael Johnson, in the office building opposite the residence of Mr. R. T. Burns, with Mrs. Mary Horton chaperone, entertained in fine style.

The NEWS, through ignorance of the fact, failed in its notice of Mrs. R. E. Adams' delightful party of Oct. 29, to say that in decoration and otherwise the affair was a Hallowe'en occasion, pumpkin pie having been the last article of a five menu.

In the early part of Friday evening many squads of merry-makers, variously garbed and disguised, paraded the sidewalks enjoying innocent fun.

There was but little disorder during the night. Marshal Muncy was vigilant, and chances for doing mischief were few.

SILVER TEA.

Are you fond of tea? Guess you are, judging from what you are, so you will do well to call at the parsonage of the M. E. Church South some time after six-thirty p. m. Friday and sample, generously, the Silver brand to be had there. Really, you may not find any potable "tea," but your going will help a worthy charity, of a very fine quality. And before you leave please notice and give, to the best of your ability, and make the occasion indeed and in fact a Silver "tea." The object of the entertainment was duly set forth in last week's NEWS. Go and enjoy yourself.

SHOT A FIREMAN.

Cecil Peters, Formerly of this Place, Shoots Man in Self-Defense.

Williamson Daily News of November 5th has the following: "Brakeman C. B. Peters shot and killed Fireman McClure at Clarren, in McDowell-co., yesterday afternoon about 2 o'clock. It seems that the fireman had beat up the brakeman over a grudge which had come out of some trivial affair. Peters has been arrested and confined in jail."

A telegram of this import was received here on Wednesday by Brack Peters, the father of the young Peters mentioned in the foregoing and Mrs. Peters left on the train for Welch, where their son, lying in bad shape as a result of beating received from the fireman, before he was shot. A telegram received from Brack Peters to relatives here states that the man who was shot was not dead but had received three bullets, one in the body and two in his legs. Young Peters is well known in this locality as a quiet, orderly boy of 22 years. He is sober and, so far as can be the NEWS can learn, was never in trouble before. All reports of the affray agree in saying that on this occasion he acted strictly in defense of his life. He is married, being a son-in-law of Johns Thompson, of this city.

Electrocuted in Whitehouse Mines.

Frank Pigg, of Whitehouse, aged about 30 years and married, was instantly killed about 3 o'clock on the afternoon of Thursday last while working in the coal mines near that place. Coal is mined there by machinery, and the machines are driven by electricity. Pigg operated one of the machines, and at the time mentioned he was in a kneeling position, fixing a "bit" in a drill. The wire by which the power is conveyed from the dynamo to the drill had a "raw" place in it, and this was touched by something which carried the entire voltage through Pigg's body, causing instant death. The unfortunate man was a son of Sam Pigg for a long time a resident of this city.

Mrs. James Shannon is home after a visit to Ashland relatives.

WEST VIRGINIA NEIGHBORS.

Bluefield, W. Va., Oct. 23.—Federal grand jury here to-day indicted Frank Tate, of Norrows, Va., for violating the Mann act by bringing Pansy Walker, 14, to this city for immoral purposes, and B. H. Jeffreys, former Baptist minister, for violating the same act in bringing Goldie Lowe, a married woman, from Lockland, O., for immoral purposes.

Stewart Brewster, residing on Pigeon creek, near Williamson, while getting into his wagon with his gun this morning, fell and discharged the gun, which sent the load through his head and killed him instantly. He is well known in the county and his bereaved family will receive the sympathy of all our people.

The location of the first oil well in the United States is claimed by several States. The Wheeling Intelligencer, reviewing the oil industry of West Virginia, says there was an oil well on the banks of the Kanawha river at the present site of Charleston fifty-one years before the Drake well at Titusville, Pa., ushered in the petroleum industry of the world.

Bud Ferguson, aged twenty-two years, was shot and instantly killed in Huntington Thursday night by his brother-in-law, Jasper Thompson, aged twenty-nine years. The shooting occurred about 11 o'clock in a fruit store on Third avenue, where Thompson, it is said, entered brandishing a revolver and threatening the life of his wife, Mrs. Geo. Thompson, who sought to hide behind her brother.

Five men charged with committing the four murders which have occurred in the city and county within the past few months were arraigned in Circuit court Wednesday morning, indictments having been made against them by the grand jury. They are:

John Henderson, charged with the murder of Deputy Sheriff Albert Duty. Henry Green for killing Mary Justice. John F. Rush, for killing unknown man whose body was found in a box car.

Jim Stokes and Armsted Taylor, charged with the murder of H. C. Tannar.—Mingo Republican.

Federal and State governments joined hands yesterday for the protection of the forests from fire, when Secretary Houston and officials of West Virginia signed an agreement to divide the expense of guarding the State's thickly wooded hills and valleys from destruction by flames.

The government's activities will be entirely under the supervision of the forest services.

Precautions Against Fire.
Elaborate precautions at once will be taken to prevent the outbreak of forest fires in the West Virginia mountains that in the past have been so disastrous and costly. Look-out stations, connected by telephone, will be erected, and a regular, both mounted and on foot, constantly on the watch.

Instructions to county wardens

and city and town fire authorities will be issued as part of the campaign.

Cooperation the Keynote.
"It has been demonstrated," according to officials of the forest service, "that the greatest efficiency is obtained through the cooperation of all protective agencies, including the national government, the State, associations of private timber owners, the railroads, and other organizations."

Charged with the murder of her husband, Jud Sloan, on Blackberry creek, about one mile east of Matewan on the Kentucky side of the river. Sarah Sloan was arrested here Tuesday morning by Officer Judge Mullens and City Collector C. E. Stevenson. She was turned over to a magistrate from Pike-co. to await indictment by the grand jury.

Mrs. Sloan while in Williamson Wednesday made a vigorous denial of the killing, claiming that she was hiding from her husband but it is said that several people saw her fire the shots. She had been in Williamson during the day returning to her home on No. 16.

Washington, Oct. 30.—The speed of the Senate confirming machine set a high mark to-day when James H. Moore, whose nomination to be Postmaster at Logan, W. Va., was received from the President at noon, was confirmed less than an hour later. The confirmation was made immediately on the request of Senator Chilton, whose recommendation of Moore about a week ago settled a lively contest that had been engaging the attention of some 12 candidates for many weeks. The haste was possible in that Senator Goff offered no objection to the confirmation.

Moore is former Sheriff of Logan county and was endorsed by the County Democratic Committee. He succeeds Postmaster B. F. Holland, whose commission has expired and who desired to be relieved of the office at once on account of illness. The office pays \$1,700 a year.

The lucky man is a son of "Uncle Tip" Moore, of Louisa, and his friends will be glad to hear of Jim's success.

Columbus, O., Nov. 4.—Elsie Irwin, 18, a negro, wanted at Huntington, W. Va., on charges of murdering A. L. Osborne, in November, 1911 and robbing him of \$400, was arrested here to-day by Columbus detectives. He resisted arrest. He was taken to Huntington this afternoon by Detective Melville, of this city. Clarence McNeilly and William Hall, negroes, are under indictment for the crime in which Irwin is alleged to have participated. Their alleged victim was cut in four pieces and dismembered and thrown into a lake.

Charleston, W. Va., Nov. 4.—During the meeting of the city council last night, Councilman W. C. Smith was arrested on a warrant charging bribery and taken from the council chamber. The alleged bribery is said to have been in connection with Smith's vote on the water franchise. After giving bond Smith returned and voted on the water franchise ordinance.

WANTED. 2 carloads Big Sandy Sorghum. DIXON, MOORE & CO.

KENTUCKY NEIGHBORS.

Plunging headlong over a precipice, Roy Jarvis was instantly killed at Olive Hill, Saturday night. His body was found at the foot of the cliff with his neck broken.

He was a cousin of Dr. Jarvis, whose body was found in a field six months ago on the outskirts of Olive Hill. Dr. Jarvis had gone hunting alone and succumbed to heart trouble.

Young Jarvis was only twenty-five years of age and unmarried.

Jackson, Ky., Nov. 1.—Practically the whole business section of Jackson, the scene of many feud murders, was destroyed by fire early today. Two blocks of buildings were burned, including the postoffice, Thompson Hotel, two churches and a score of residences. Estimated loss \$150,000.

As a result of the fire the inhabitants are demoralized and Governor McCreary has been asked to call out the Jackson company of militia to protect property.

Frankfort, Ky., Nov. 1.—Gov. McCreary to-day issued requisition on the Governor of Montana for L. M. Gardner, charged in Magoffin county with obtaining property by false pretenses.

Beattyville, Ky., Nov. 3.—One Negro dead and another fatally wounded is the result of Negroes trying to bootleg some whisky to Wardrop's camp, located at the new L. and N. bridge crossing on the Kentucky river, just above town in this county, Saturday night.

Jack Johnson and another Negro, name unknown, told Charley Cobbs, a white man, if he would go down the road a short distance they would sell him some whisky. When they got him to a lonely place they undertook to rob him and he took a pistol away from one of them, shot the unknown negro dead and fatally wounded Johnson.

Cobbs, who is a single man about 35 years of age, and from Green River, Wyoming, was arrested and brought to town and will have his examining trial Monday.

Beattyville, Ky., Nov. 4.—All the prisoners in the county jail except one got away last night by cutting a hole through the steel cage and also through the brick wall of the jail next to the railroad.

Those who escaped are: John Caudill, under life sentence for murder and whose case had just been affirmed by the Court of Appeals.

James Caudill, his son, awaiting trial for murder.

Jesse James, a negro, who was arrested some time ago in Winchester and brought here for killing a colored man at Embury's Camp on the Middle Fork.

Price Alexander, a negro, charged with putting off a dynamite charge on a railroad, which nearly killed a dozen men some time ago.

Bradley Stamper, a white man, charged with robbery, was stopped by the sheriff as he was trying to go through the hole in the brick wall. He claims he knows nothing about the others getting away.

LUBRICATION OF FARM MACHINERY.

Much valuable machinery is seriously damaged or entirely destroyed each season because of improper lubrication; not necessarily because of insufficient lubrication, though this is frequently the case, but because of the use of lubrication unsuited for the purpose, or possibly because of excessive lubrication. Every experienced thrasher knows of the danger of fire from hot bearings; and can recall instances of the destruction of valuable machinery because of insufficient lubrication. Gas engine operators know the necessity of using the proper lubricant for the cylinder and the injurious effects of over-lubrication. The more expensive and complicated a machine, the more thorough and careful should its lubrication be. Proper lubrication is just as essential for other classes of farm machinery as it is for the thrasher and gas engine, though all may not require such careful or constant attention in this respect.

The object of lubrication is to prevent friction and wear of bearing and the consequent loss of energy. This is accomplished in two ways: either by coating the wearing surfaces over with such lubricant as graphite so as to fill the minute imperfections of the bearing, thus making a smooth surface, or by the lubricant itself acting as a film of finely divided particles which holds the wearing surfaces apart, somewhat like a ball bearing.

The kind of lubricant and the manner in which it is applied will be determined by the size of the engine and the speed with which it

moves. For heavy slow moving machinery, hard oil, a heavy machine oil, or a compound of graphite is most suitable, the latter being used recently with great success.

If the bearings are inaccessible a liquid oil will have to be used, but for most slow moving farm machines hard oil is best, especially when the bearing is exposed to dust and dirt, as for instance, upon rollers, dirchrows, drills, sulky plows, cultivators and similar machines. If the machine is not provided with hard oil caps, they can be purchased in various sizes and styles at small expense from hardware dealers or thrasher supply houses and easily attached to the machines by having the oil hole taped out to fit the proper size and then screwing in the caps. Caps with screw caps will be most satisfactory under average conditions. The cap is packed with grease and screwed on far enough to force some of the grease into the bearing, which will force out any dirt that may have worked in. As additional lubrication is needed the cap is screwed down further until empty. Hard oil caps do not require frequent filling when used for this class of machinery and they protect the bearing and lubricant from dirt.

If a soft or liquid oil is used for heavy machinery it should possess sufficient viscosity to prevent being squeezed out of the bearing, that is, it should adhere well to the surface of the bearing and also hold together well. It should not, however, be gummy. Different oils may be tested for relative viscosity and gum by placing a drop of each on a smooth flat surface, such as a pane of glass, which is tilted at an angle, and observing the time required by each to flow down the surface. That which flows most slowly has the greater viscosity. The oils may be left upon the glass for several hours and then wiped off. That which comes off cleanest is the least gummy. For lubricating light, high speed machines, such as cream separators and the like, it is necessary that the oil be quite fluid and free from gum and acid. The fluid test is the direct opposite to the viscosity test. That is, the oil which flows most quickly down the pane is most fluid. The gum test is the same as before. The oil may be tested for acidity by mixing a little with alcohol, which is heated to 120 degrees, and after a few minutes testing with blue litmus paper, which may be bought at any drug store for a few cents. If the paper turns red the oil is acid. The oil may also be tested by saturating a small piece of clean white cloth in it and leaving the cloth upon a clean highly polished metal surface about ten hours. If the metal is ever slightly corroded in this time the oil is acid and will be injurious to the delicate parts of light machines.

PROCLAMATION.

Frankfort, Ky., Nov. 1.—Gov. McCreary to-day issued his annual Thanksgiving proclamation, calling on the people of the State to observe Thursday, November 27, as a "day of thanksgiving and prayer; to cease their accustomed occupations on that day and give thanks and praise to God for the blessings He has conferred upon us."

The proclamation follows: "We should offer praise and thanksgiving to God for His manifold blessings, and unite in earnest supplication for their continuance. "The year now drawing to a close has been marked by manifestations of His kind and beneficent providence, and we should reaffirm our allegiance to righteousness, justice, freedom, education and progress.

"Our republic has had peace with the whole world and demonstrated its capacity and readiness to meet and deal properly with great and important questions.

"Our State has had prosperity, good harvests, productive industries, happy and contented people. Law and order have been preserved. The glorious heritage of self-government has been upheld and strengthened, and the year has brought us better appreciation of our duty and higher desire for good achievements; and wherever we may look or whatever we may think, we have abundant cause for praise and gratitude to God.

"Whatever, I, James B. McCreary, Governor of the Commonwealth of Kentucky, designate Thursday, the 27th day of November, 1913, as a day of thanksgiving and prayer, and call upon all the people of Kentucky to cease their accustomed occupations on that day and give thanks and praise to God for the blessings He has conferred upon us, and to humbly beseech a continuance of His great mercies."

"In testimony whereof, I have caused these letters to be made patent, and the seal of the Commonwealth to be hereunto affixed. Done at Frankfort, 1st day of November, in the year of our Lord one thousand nine hundred and thirteen, and in the one hundred and twenty-second year of the Commonwealth."

"JAMES B. MCCREARY.
"By the Governor."
"C. F. CRECELUS."
"Secretary of State."

There may be somewhere girls like the ones on the magazine covers. But there ain't no such animals as the women in the corset ads.

A man wants to be as young as he feels, but a woman wants to look the part.

You can't get some men to save a dime for a rainy day, but other men act as though they expected about ninety years of steady rain in the near future.

"Supreme contempt" is what an old-fashioned "horse doctor has for a new fangled "veterinary surgeon."

Any married man can demand and receive a lot of attention until the first baby arrives. Then he might as well stay down in the cellar with the rest of the coal.

"There's always room at the top," as the young lady said when she squeezed herself into an evening gown.

It is mighty hard to get a tightwad away from the window of a ten cent store.

A woman always knows what she wants when she finds out she can't get it.

It takes a woman twenty years to make a lion out of her son. Then a Princess will come along and make a Jackass out of him in twenty seconds.

What has become of the old-fashioned woman who used to jar the whole house when she ground the coffee for breakfast?

If a woman had her own way a ten-room house would contain 100 closets.

No matter how fat a woman gets she can always remember how slim she was before she was married.

It doesn't matter much what the article is. If the price ends in ninety eight or ninety-nine, she wants it.

There are all kinds of people in the world, including the yep who believes he is purchasing a genuine diamond for two bits.

Our side is always Honest and Upright, but the Opposition is always Unfair in its methods.

We are so narrow minded that while we insist upon sending missionaries to the poor, benighted Hindu, we get mad when a Hindu missionary hits this country.

A train may be on time when you are on time, and it may be late when you are early. But it is never late when you are late.

What has become of the old-fashioned dude who used to stand on a corner and ring a chestnut bell every time a girl went past?

The fool Indians imagined they knew how to torture a man when they captured him. But a white squaw can read his love letters a dozen years after she has captured him.

A Human Match Factory

The body contains phosphorus sufficient to make 483,600 matches. Phosphorus is one of fourteen elements composing the body—divided among bones, flesh, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them.

But if stomach is deranged—the balance of health is destroyed and the blood does not carry the proper elements to the different organs, and there is blood trouble—nerve trouble—heart trouble. Pain is the hungry cry of starved organs. Put the liver, stomach and organs of digestion and nutrition into a condition of health. That is just what is done by

PRINCESS.

The marriage last Friday of Mr. Andrew Thompson, our assistant public school teacher to Miss Etta Scott, came as a great surprise to his many friends. The bride is one of Boyd county's most estimable young ladies, and the groom a son of Medley Thompson, is one of our most worthy teachers. These happy young folks have the best wishes of all for a long, happy and prosperous life.

Madam rumor has it that another like surprise may be pulled off in the near future. It is just a little early to mention names.

Bill Dean, a poor unfortunate individual had the misfortune to sustain a broken arm last week. Dr. Sturgell the attending physician is doing all that medical skill can do but the condition of the injury is of such nature that recovery will be very slow, so the doctor informs us.

Rev. Collins, of the Baptist faith and order, filled the pulpit here last Saturday night and Sunday.

The Sunday school here is in the most flourishing condition ever yet, attendance large, interest great and much good is being accomplished.

A few evenings ago Rev. Hedrick, of Rush preached here on the Future Existence of Man. The able divine handled the subject with great ease, showing careful preparation. It was received and greatly appreciated by a large audience.

The shadow of death was seen in the home of Mr. E. Church, a new resident of our town, and carried away with it an infant son 15 or 20 days old.

The pale horse and his rider came to the home of Tucker McSorley, well known in Lawrence county a-

round Buchanan where he has many relatives, and claimed as his victim Miss Tena, 23 years of age. All that human skill and loving hands could do for her was in vain. A voice in the great beyond had called and the summons was obeyed.

She was a tender, loving companionable young lady, loved by all who knew her, was a Christian and died in the full faith of triumphant living after crossing the death river.

Funeral services were conducted by Rev. Rice after which the body was placed in its last resting place on the hill over looking the home, where for the past few years, she had been the joy of the family, having been born in Lawrence county and came here with her parents a few years ago. The bereaved have the deepest sympathy of the entire vicinity.

John Wolfe and wife are visiting their daughter in Ashland this week.

Mrs. Julia Surette, of Ohley, W. Va., was here lately for a visit to her parents, Mr. and Mrs. Ben Williams.

Mr. and Mrs. R. J. Towler visited their nephew, James Towler last Monday. Jim lately returned from Seattle, Wash., where he had been in the hospital nursing a broken limb, is now getting along very well. Kentucky water and atmosphere is expected to bring speedy recovery. BUCKSKIN BESS.

Henry Adam was calling on Miss Della Kendrick Sunday.

CHOCOLATE CANDY.

INDIGESTION ENDED, STOMACH FEELS FINE.

Time "Pape's Diapiesin!" In five minutes all Sourness, Gas, Heartburn and Dyspepsia is gone.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel lck and miserable, that's when you realize the magic in Pape's Diapiesin. It makes all stomach misery vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapiesin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapiesin. There will not be any distress—eat without fear. It's because Pape's Diapiesin "really does" regulate weak, out-of-order stomach that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapiesin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

Over in Clark-co. the other day eighty men and as many horses and forty-four dogs chased a poor little red fox one hour, and styled it great sport. Fortunately the fox escaped.

HUBBARDSTOWN.

The death angel has again visited our community and claimed for its victim our esteemed and loving friend, Mrs. Nancy A. Neal, aged 61 years, wife of H. W. Neal, of Hubbardstown, and daughter of Peter and Peggie Hooser, deceased, who have preceded her to the glory land. She has lingered with a complication of diseases for some time, but God saw fit in his wisdom to call her from her suffering on this earth to the world beyond to bask in the sunshine of a Heavenly love. She was a loyal member of the M. E. Church. So, husband, sons and daughter, we must just submit to the will of God, who doeth all things well. So, do not weep as those that have no hope, but just say your loss is Heaven's eternal gain. So, prepare to meet wife and mother in Heaven, where we will never say good bye. A FRIEND.

FARMS FOR SALE.

This should appeal to men that want to raise cattle, hogs, sheep, or any kind of stock, and the man that wants to garden, raise fruits or berries, etc., for the markets are excellent here. The market gardener heads the list, the dairyman next, the live stock man next, etc. I have farms suited for all purposes, many of them on the best pikes in the county, some on good roads, all handy to school and church. I get a good many questions asked me: "Are there any negroes in the school district near such a farm you have advertised?" I have no farms in negro settlements, so there are no mixed schools here. Many of the farms I have for sale are close to my own. You may find men that will tell you before you get to me that it is too far out. Don't stop. Come on. I can show you better. The land is better out here, is much smoother and the roads are just as good. I have several good farms for sale with good locations for store, blacksmith shops, and many good opportunities for men to make money. Come and see me before you buy. Write or call me over the Bell phone. Write to Sciotoville, Ohio. Always come on No. 15 on the N. & W. Write four days before you start. I will meet you with rig.

A BRONCHIAL COUGH

is wearing and dangerous because the inflamed, mucus-filled tubes interfere with breathing and the fresh air passes through that unhealthy tissue.

Probably no other remedy affords such prompt and permanent relief as Scott's Emulsion; it checks the cough, heals the linings of the throat and bronchial tubes and strengthens the lungs to avert tuberculosis. This point cannot be emphasized too strongly—that Scott's Emulsion has been suppressing bronchitis for forty years and will help you.

Big Sandy News.

Friday, November 7, 1913.

The entire vote cast by women in both the Louisa precincts was 140, 56 in upper Louisa and 84 in lower.

Booze, Boodle and Ballots. Speed the time when the latter will be everlastingly divorced from the other two.

Last spring Gov. Foss, of Massachusetts, had a hunch that the Bay State would go Republican this fall, so he flopped to that side. When he is able to crawl out of the avalanche which buried him Tuesday he'll be too weak to flop again.

Surprises were numerous when the results in the various precincts became known. Some candidates who expected to be classed simply in the list of those who "also ran" are "clad in the robes of glory," while some who were seemingly confident of victory are "sad in the gloom of defeat."

Notwithstanding the fact that the weather on Tuesday was perfect the entire vote of the county, including the ballots cast by women, was not heavy. About 3300 votes were polled and before women had a vote 4000 have been cast in Lawrence county. The woman vote was large, and the privilege of exercising their right to vote seemed to be much enjoyed.

It will be seen by noticing the returns published elsewhere in the NEWS that the result in Lawrence county is in part satisfactory to both parties. Stone, sheriff, Hay, county clerk, and Ekers, county superintendent of schools, all Democrats, are certainly elected. The same is true of Clayton, county judge, See, attorney, Wells, jailer, Rep. James Boyd, Rep. and Wert Kitchen, Dem., received an equal number of votes. John McDer, Democrat, is surely elected to the Legislature from Lawrence and C. Boyd. The last Democrat we had to this position was the late Judge J. R. Dean, twenty years ago.

J. Howard Williams, Democrat, of Russell, Greenup-co., is elected State Senator from the district composed of Lawrence, Boyd, Greenup and Elliott counties. Up to the hour of going to press it has been impossible to obtain the exact vote and majorities from counties outside of Lawrence.

HALLOWE'EN PARTY.

A most enjoyable time was spent on the evening of Oct. 31st at the home of H.C. Osborne. A Halloween party was given by his niece, Miss Lora Ramey, to a number of her young friends. It is needless to say that every one thoroughly enjoyed themselves because all who have been to their home know of their attainments along that line.

The house was beautifully decorated with cornstalks, autumn leaves, jack o'lanterns, witches and everything that was appropriate to Halloween.

Just when it was about time for the guests to arrive the house was placed in perfect darkness and "spooks" placed at certain parts of the passage way who guided the guests to the cloak rooms by saying "sp guff voice." Follow the voice which was placed from the rear to the cloak rooms. After the hats and coats had been removed they proceeded to the reception hall where they were requested to sign their names in the book of solid remembrance with the pencil in their left hand, then the guests were graciously introduced to each other by the hostess, Miss Ramey.

It was only but a few minutes and everybody seemed in the spirit of enjoyment and this continued until very late in the evening. There was not a moment lost the whole time, it was an evening of laughter. One interesting feature of the evening was the "Gypsy Fortune Teller" to whom all the "ladies and lasses" went and had their fortunes revealed and if this "Fortune Teller's" prophecies are true wedding bells will be heard soon.

Among the numerous enjoyments were the dainty refreshments that had been provided. All sorts and conditions seemed in a pleasant way. Everything seemed to work like clock work and this good time came to a close about 11:45 p. m. When the guests were leaving they all expressed their appreciation to Miss Ramey for the good time and they left for their homes feeling that life had its silver lining after all.

ONE WHO WAS THERE.

NOTICE OF ABSENCE.
I will be absent from my office from Nov. 14 to Nov. 25. C. B. WALTER, Dentist.

An interesting program has been arranged for the Junior Epworth League at the M. E. Church South next Sunday. Lack of space prevents us from publishing it in full.

HELLIER.

Rev. D. W. Stone, of Grayson, Ky. lectured here Sunday night, Oct. 26. He had with him a stereopticon, with this he showed the life of Christ from his birth up until his crucifixion and resurrection. He also had a nice assortment of other views which were interesting. Rev. Stone's purpose in the evangelistic field is to promote the up building of Sunday schools, and it is believed that he is doing a great work.

J. T. Gevedon, of Pikeville, was here last week and delivered Dr. A. P. Gibson a \$650 player piano.

Mrs. Patsy Goodson returned last week from Davy, W. Va., where she has been visiting relatives for some time.

There was a Hallowe'en party at the home of Mr. and Mrs. Joe B. Rogers Friday night.

Miss Stella Ferguson left for Harard Friday, returning Monday.

Rev. E. F. Burnside returned last week from Pikeville and the Burning Fork of Raccoon creek, where he has been holding meetings.

G. C. Segraves left Friday for Paintsville, where he will spend Saturday and Sunday with relatives.

Mrs. Monie Spriggs, who has been very ill for some time, is believed to have improved some.

Perry Anderson, in the firm of Anderson and Sanders, left Friday for his home at Tandy Va., to spend a few days with home folks.

Harry Cohen went to Jenkins Friday on business.

There was a fire in the camps of the Elkhorn Consolidated Coal and Coke company, Sunday night, which destroyed the boarding house, occupied by A. J. Hix. The fire is supposed to have caught by the explosion of a lamp. Good use was made of the hose, no other buildings were burned.

We are sorry to report the departure of Mr. and Mrs. M. L. Goodson, who left here Monday, November third. Mr. Goodson left for Ft. Pierce Fla., to take up his new home, while Mrs. Goodson will visit relatives at different points in West Virginia, for a few weeks, then she will also go to Florida. We are very sorry to report the absence of these two good citizens as they have been here for about eight years. They were great helpers in the church and Sunday school and their absence will be regretted by all.

Mr. Goodson has gone to Florida to farm and he says he expects to return here some time in the near future to see his relatives and friends, but that he expects Florida to be his future home. We sincerely hope that Mr. and Mrs. Goodson will be satisfied in their new Florida home, and that they will make a success there.

Mrs. C. W. Myers, of Ashland arrived Monday. She is the guest of her daughter, Mrs. A. P. Gibson.

SPOT CHASER.

THICK, GLOSSY HAIR
FREE FROM DANDRUFF.

Girls! Beautify your hair! Make it soft, fluffy and luxuriant—
Try the moist cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few week's use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

NOTICE TO TAX PAYERS.

Owing to a change in the law governing the collection of taxes, we will not be able to collect taxes from any one at our Louisa office, except from those who live in the Louisa precincts.

We have no regular book kept in the office of the entire county as heretofore, and taxes will have to be paid to the collectors in each precinct where the tax payer lives, and each precinct will have a collector who will be there on certain days as will be seen from the notices in the various precincts.

All taxes must be paid on or before the first day of December of this year and all who have not paid their taxes by that date aside from the extra penalty that will be added, steps will be taken to collect all unpaid taxes as the law authorizes. JOHN H. CARTER, Sheriff.

A CHILD'S LAXATIVE
IS "SYRUP OF FIGS."

They love to take it and it doesn't harm the tender little stomach, liver and bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food, will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains direction for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled!

Stunning Chic Styles
in Mid-Winter Millinery

The charm of the new midwinter millinery lies in the assurance a woman has that the hat she selects will be individual in style and character and not one of a hundred of its kind—the shapes are quite as varied and "different" from the ordinary as the trimming. "Exclusive" millinery is featured here as in no other store we know of, and a trip to Huntington just to see our millinery display will be worth your while.

SPECIAL HALF-PRICE
Sale of Phipps HATS

We have received quite a line of sample hats of the famous Phipps make that we offer at half price.

This sale is unusual at this time of the year representing as it does the very best in mid winter styles in tailored hats semi dress and dress styles in the small and medium shapes.

This is an opportunity you certainly should not miss.

LOOK! LOOK! LOOK!

Take a look in at Shannon's cloak rooms in Louisa, Ky., on November 7th and 8th, and see the grand display exhibited and on sale by Brant and Lear, consisting of suits and coats from the latest fabrics, such as serges, Ottoman, ratines, wool Bangaline and Bayadere chevrons, also many suits man-tailored from such materials as needle twill, faille de laine and diagonal chevrons, some the kimona sleeves and dropped shoulders, lined with soft satins and beautifully draped. Also silk dresses in new models, crepe de chine, brocade and palin charmeuse.

The familiar phiz of John M. Rice showed up Thursday evening as a sort of advance guard of the many who are temporarily in business elsewhere but never fail to be here to vote. He and his good wife were at the Brunswick until after voting time.

Prof. Edward M. Kennison, D. D. of the Kentucky Normal College was in Huntington on Wednesday attending the semi-annual meeting of the Miami Association of Congregational Churches and Ministers, of which body he is a member.

There will be a box supper at Mt. Pleasant Saturday night, November 8th. Everybody invited.

YOU'RE BILIOUS AND COSTIVE!—CASCARETS

Sick Headache, Bad Breath, Sour Stomach, mean Liver and Bowels Clogged—Clean up to-night.

Get a 10-cent box now. Furred Tongue, Bad Taste, Indigestion, Swallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which sour and ferment like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

"IN A BAD WAY."

Many a Louisa Reader Will Feel Grateful for This Information.

If your back gives out; Becomes lame, weak or aching; If urinary troubles set in. Perhaps your kidneys are "in a bad way."

Doan's Kidney Pills are for weak kidneys.

Local evidence proves their merit. Mrs. R. Lewis, Franklin St., Louisa, Ky., says: "For a long time I suffered from various symptoms of kidney complaint. I experimented with many remedies but found no benefit until I took Doan's Kidney Pills. They gave me freedom from spells of backache, strengthened my kidneys and bladder and improved my health in every way. I am glad to confirm my former endorsement of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

"Pape's Cold Compound" makes you feel fine at once—Don't stay stuffed-up! Take it now.

Relief comes instantly.

A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes, nice, causes no inconvenience. Be sure you get the genuine.

SHERIFF'S SALE.

By virtue of execution No. 783, directed to me, which issued from the Clerk's office of the Lawrence Circuit Court in favor of Gabriel Endicott against Joseph Pack and V. J. The IRONTON
BUNSEN BURNER
GAS HEATER

Saves from 45% to 75% of your gas bills and gives 33 1/3% more heat in a given length of time—demonstrated by actual test under all conditions—in competition with the leading stoves now on the market. It combines the two most essential features of a heating stove—maximum heat—minimum gas consumption.

More Heat

We will prove these facts. Try this stove for ten days at our risk. It is the best gas heater.

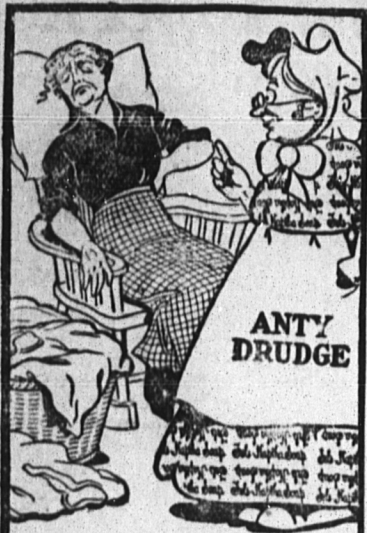

Heats an ordinary room quicker than any other stove on the market—average time 15 minutes. It will raise the temperature 35 degrees with 5 feet of gas. It is the safest pipeless stove; burns without odor, with or without flue connection. With flue connection it is a perfect ventilator. Takes the cold air from the floor and circulates the heated air back across the floor. Our patented Bunsen Air Mixer and Ventilated Burner Plate with Asbestos back, insures clean burning.

The only Gas Heater that combines all these splendid necessary features

HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

The Unjust Standard.

A daily paper tells us a story of which many more just like it could be truthfully told. This happened in a poor rooming house in Brooklyn the other day. A tired woman committed suicide. Twelve years ago she lived in a beautiful home in luxury. Scandal touched her, there was a secret divorce, and upon the small annuity she sought to hide. In twelve years she earned among the humble folks near her new abode, by kindly ministrations, the title "The Angel." It was a real title of nobility. Children loved her and came to her for sympathy in their little troubles. Stray animals found in her a steady protector. She went about doing good. But finally her spirit broke, though not until, if explanation for sin is ever won by works of mercy, she had won it manifold. There is no record that the man in the case repented or suffered. Society did not cast him out. It may be that there are times when memory stings his conscience, but his order of living was not altered. He probably did not know of "The Angel's" death; for when she changed her name, that is humanity's unjust reward of punishments. Can it ever be modified?

Children at the Table.

Table manners do not happen. They are the result which is direct, and of imitation which is unconscious. The deft handling of fork and spoon, the nice taking of food, the courtesies of the table, which are distinctive marks of refinement, do not come to anyone by chance. Men high in public life, men whose ability and talents have placed them in the front rank of the world's workers sometimes show that their beginnings were humble, and their early homes plebeian by the disagreeable habits they have never outgrown in their noisy way of taking of soup and their headlong haste as they would swallow their food, by their eating with a knife, by a dozen little lapses none of which are breeches of the moral law, though all are offensive and almost inexcusable.

Brief Hints for Bright Girls.

Some one has suggested fifteen things that every girl can learn before she is 15:

- Shut the door and shut it softly.
- Keep your own room in tasteful order.
- Have an hour for rising and rise.
- Learn how to make bread as well as cake.
- Never let a button stay off twenty-four hours.
- Always know where your things are.
- Never let a day pass without doing something to make someone comfortable.
- Never come to breakfast without a collar.
- Never go about with your shoes unbuttoned.
- Speak clearly for everyone to understand.
- Never fidget or hum, so as to disturb others.
- Never fuss, fret or fidget.

The foundation of society rests on its homes. The success of the homes the wives. Therefore, first of all, teach our girls to be successful

wives. Begin in their infancy to develop their characters. Teach them that jealousy is an immortality, and gossip a vice. Train them to keep the smallest promise as sacredly as an oath and speak of people only as they would to them. Teach them to look for the best quality in everyone they meet. Train them to do small things well and to delight in their minds the necessity in helping others, for other's pleasure as a means of soul development. Only give a first foundation like this, which the poorest as well as the richest can give to their girls, and no matter what necessity arises, they will be able to rise above it.

When children begin to attend school, their thoughts should be directed constantly to their work, and between the school and needed exercise, there is not much time to think of clothing, save that to be neat and clean and suitable to the means of the parents. God never intended the people of moderate means to rival the bird of paradise in raiment. The mother who talks dress and finery constantly must not expect to bring up children who care for questions of church and state and humanity when grown. In some families, it is a subject under constant consideration and the problem of clothes is a much greater one than any one of the great ones on truth and right and justice and patriotism.

Many young men eschew matrimony because of the "failures" which come to their notice, some because of the alleged expense of the selfishness of their natures. The latter class prefer the grosser enjoyments of life and care not for the spiritual and mental companionship which only a pure woman can give, and the delights which center about the sacred name of home.

GRIT THAT WOULD NOT DOWN.

The American Magazine has been offering prizes for the best letters entitled "What I Am Most Thankful For," and in the November number publishes the three prize winning contributions. The following letter won first prize:

"Of all the blessings which I can count as belonging to me this year and for which I am thankful, I am most thankful that I have not lost my grit.

"Eleven years of time and strength and everything we had have gone into the making of our 160-acre homestead here in North Dakota; and yet, to-day, if we sold everything we possessed we could just about pay our debts.

"A long series of crop failures from drought and hail, and a much and well-advised venture of buying a traction engine which then did not work, and was eventually (but too late for our good) replaced by the company with a new one, have eaten up all we have been able to make.

"It has been most discouraging, and the past year has been one of exceeding and unceasing worry and work of mind and body for both my husband and myself.

"Through it all I have been most thankful that I was able to keep my courage and help my husband keep his, as he bore the worst of the burden, being the provider and the one who had to meet and stave off creditors.

"Now, when we are practically assured of time (which is what we most need) to retrieve ourselves, we can stop and take stock.

"Against these adversities we can say that for eleven years we have lived decently, not lacking food or clothing which was necessary.

"We have been bringing up three children in good and healthy conditions, and we have had enough simple pleasures to keep us well and happy in spite of our troubles.

"We have had sickness and accidents, but none were fatal.

"When things were at their worst all I had grit enough for was to say that we were young enough and strong enough to start in over again and make a success yet; because I will not doubt our ultimately succeeding.

"I would keep saying to myself, 'We might be much worse off.' We might not have enough to eat or to wear or a good home, or, most of all, we might have lost hope, under our mountain of debt, as many, do, and lapsed into a listless, ambitionless life with nothing ahead for ourselves or children; so I am most thankful that our grit has carried us through and has given us doggedness and perseverance enough to carry us through whatever more may come."

John Cox Underwood, former Lieutenant Governor of Kentucky and prominent through his connection with Confederate organizations and the Independent Order of Odd Fellows, died in New York of hardening of the arteries.

FLUE-CURED TOBACCO.

The Department of Agriculture, in a bulletin just issued estimates that the normal annual production of flue-cured tobacco on a farm weight basis will approximate 215,000,000 pounds. This type of tobacco is the only American-grown variety that has shown a tendency to expand the exports of this country.

"All things considered, this flue-cured type of tobacco is unsurpassed in universal popularity," states the report, "and it is adapted to a variety of uses, including granulated and cut smoking tobacco, both paper and all-tobacco cigarettes, and plug filler and wrapper; in fact, it is adapted to all the regular forms in which tobacco is used except standard cigars and snuff. In color and general appearance it is very attractive, while its low nicotine content, mildness, aromatic sweetness, fragrance and good keeping qualities render it very satisfying to the user."

The use of flues in curing tobacco became popular after the close of the Civil war and by the middle eighties the demand had increased so that about twenty counties in Virginia and North Carolina had been planted to this variety. There are a number of varieties of flue-cured tobacco, prominently among which are the Warne, Yellow Oronoco, White-stem Oronoco, Big Oronoco, Adcock, Adkin, Willow-Leaf, Gooch, Tilley and Hester. The Warne is the standard wrapper type and perhaps the most popular. The Adcock is a great favorite in the noted wrapper-producing section of Granville county, North Carolina, while the Adkin is popular as an early maturing variety.

A CONSUMPTIVE COUGH.

A cough that bothers you continuously is one of the danger signals which warns of consumption. Dr. King's New Discovery stop the cough, loosens the chest, banishes fever and lets you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help. 'Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c & \$1.00. All druggists, by mail."

"SAFETY FIRST."

"Safety First" is the new slogan of the Norfolk & Western Railway company. Working to this end a committee known as the "Safety Committee" has been formed to eliminate all practices which tend to endanger the lives of the company's employees.

A meeting of this committee was held in Columbus Tuesday consisting of one representative of each kind of employment used on the road.

A regular form on which to report any dangerous practices or where defects are seen which might endanger employees' lives has been sent out to all employees of the road. These cards are sent to the Secretary of the Safety Committee and he sees that they are distributed.

This move has been the practice of all of the largest roads in the country and is a new undertaking of this road, seeking to make working conditions of its employees safe.

One of the strictest instructions of the committee to trainmen is that they must not get between cars while making a coupling. This will greatly reduce the number of fatalities as the greatest number of trainmen killed is caused by this dangerous practice.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

FOR SALE

Farm, Stock and Tools

I am offering for sale my farm of about 350 acres of land lying within three (3) miles of the city of Vanceburg, Ky., the County Seat of Lewis county. This farm contains a good six-room frame dwelling house, a new corn crib, chicken house, two large combination tobacco and stock barns and other necessary out buildings. There are 15 or 20 acres of good bottom land, there are about 60 to 75 acres cleared land, about 25 acres of which is in grass. There is considerable timber on this land suitable for railroad ties and farm purposes. The uncleared land makes splendid summer pasture for cattle, and sheep and hogs will live in these woods with very little feed. Most of the land can be cultivated and produces splendid tobacco, corn, oats, potatoes, sorghum, cane and most all crops which are raised in this climate. There is some of the best fruit and berry land on this farm that can be found anywhere. The farm is well watered by never failing springs and running streams. There is one of the best wells of water within a few feet of the kitchen door that can be found anywhere in the county.

There is a splendid new school house on the farm which is also used for church purposes. There are 5 churches in the city of Vanceburg, which is only three miles away; also a splendid High School, which can be easily attended from the farm, as it is only 2 miles across by a bridge path to the school house. I will also include in this sale for the price named below two good work horses, all farm implements, consisting of one new turning plow, one new Avery double shovel plow, one hillside turning plow, one cutter plow, one single shovel plow, one spring wagon, two sets of work harness, single trees and all small tools now on the farm.

Considering the convenience of this land to the market, schools, churches, etc., I believe it is the greatest bargain ever offered in this county. The title is unquestionable.

The price for farm, stock and tools is \$3,500. If you are interested, do not delay coming.

Write me when you will start from home.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to any other brand.

PIKE COUNTY NEWS

ELECTION VERY CLOSE IN PIKE.

With very little money in the election last Tuesday, the balloting indicated a close balance between the two old line parties. The entire republican ticket, with exception of W. K. Steele in the city race, and M. F. Campbell in the county race, carried by a small majority. Perhaps the closest race was between F. W. Stowers, democrat and J. M. Billeter, republican, for Representative. Billeter carried by about one hundred votes. The race between M. F. Campbell, republican, and Geo. W. Potter, democrat, for county superintendent, was also very close, and for a while it was thought Campbell had won; but the returns from Peter and Johns creeks gave Potter a slight majority.

Robt. L. Miller, democrat, was elected over W. K. Steele, republican, by a majority of two votes for Police Judge, and a tie resulted between Liburn Dye and F. C. Scott in the race for Police chief.

It is a reasonable certainty that the constitutional amendment carried.

The following councilmen were elected: Geo. Hackney, rep., Lank Williams, rep., Dick Thompson, rep., Will Yost, rep., Thos. Peery, rep., and a tie resulted between Dr. A. S. Reece, rep., and Morell Morris, dem.

HALLOWE'EN VIOLENCE.

Pikeville celebrators of the Halloween occasion turned innocent amusement to a most pernicious purpose. Two flagrant instances deserve something more than notice.

A fine velocipede belonging to J. H. Rogers, C. and O. superintendent of buildings and bridges was taken from near the station and carried to the West end switch and left standing on the railway tracks, during the night. A freight car was an hour later and completely demolished it, thus creating a useless destruction of property and endangering life. A rigid investigation will be instituted, which may land some extremist behind the doors of the penitentiary.

When the public school opened Monday morning it was learned through the medium of the alfactory nerves, that polecat grease had been liberally applied to the floors and desks of all the five rooms and the moment the doors were opened, both teachers and students fled holding their noses. Prof. J. M. Staton's room received the most effective application. He, of course, was compelled to abandon his work but the other four departments, after a careful house cleaning, and with plenty of ventilation, bravely stuck to their posts. Some of the children on the first day succumbed to the emetic effect of the odor, and the school has been almost deserted throughout the week.

MISS HATCHER WINS.

The La Roy Stock Co., playing to capacity houses last week at the Royal Theater, inaugurated a prize contest by offering a diamond ring to the young lady receiving the greatest number of votes. As the contest drew to a close it was seen that the Misses Pluma Campbell and Eleanor Hatcher were far in the head of all other candidates, and fast and furious balloting took place between the friends of both young ladies. Miss Hatcher finally won by a small margin.

The winner is pianist at the theater.

BOY HURT IN WRECK.

Everett Williamson met a bad accident while hobnobing on a C. and O. freight last Sunday afternoon. He climbed aboard the freight at Pikeville, and the car on which he was riding was ditched with six others near the level station an hour later. His right leg was broken and the left ankle was dislocated by being thrown violently from the car, and as the wreck blocked all traffic so that the evening passenger train could not get by, he was not brought to Pikeville until Monday noon. He is now recovering.

PIKE GIRL GETS FREE SCHOLARSHIP.

The Rev. Wade Rowe last week secured a free scholarship for Gertrude Childress, 12, to the Olive Hill Industrial school, which was founded by the Women's Home Mission Society of the Methodist church, and she left in company with Mr. Rowe for Olive Hill last Friday.

NEW ELDER WILL PREACH HERE SUNDAY.

Dr. Richardson, the new District Superintendent of the M.E. Church, will preach at the First M.E. Church here Sunday evening. He will also hold the Quarterly Conference Monday morning.

POTTER CAPTURES FOUR MEN.

U. S. Deputy Mart Potter arrested four more men last week on warrants charging them with moonshining, bootlegging, etc. Two of these, Zach Walters and L. J. Atkins, were captured in town and the other two, Marion Vanover and Wilburn Estep, were placed under arrest at their stills at Shelby Gap. Walters gave bond, and was released, but the other three were placed in jail pending a hearing before U. S. Commissioner Gray.

CHANGE SALARIES.

The salaries of the offices of Police Judge and chief of police were considerably changed by enactment of the council last Monday night. Heretofore the Police Judge has received a commission on fines that usually amount to from twelve to fifteen hundred dollars yearly, but the enactment places his salary at \$400 and fees in civil cases. The chief of Police was also paid by commission but the salary of this office was fixed at \$50 per month. The city Treasurer received a slight raise.

SICKNESS.

Allen Brewer was taken with pneumonia fever at his home in West Pikeville last week. His case is a most serious one, but he is doing very well at this time.

Mrs. Code Ramsey last Friday became a victim of typhoid at her home on Smith Hill. Her physician announces that her condition is now a very hopeful one, and she may recover within a short time.

Little Kathleen Coleman, the four year old daughter of Mr. and Mrs. Leck Coleman, is very sick. It is feared she has pneumonia.

MOVING.

John Keathley moved Wednesday to Chloee creek.

Dr. Casebolt, who formerly lived in the Will Coleman property, has moved to Seventh-st., near the home of Judge Cooper.

John E. Ratliff, county court clerk, will move into the property just vacated by Dr. Casebolt.

LOCAL AND PERSONAL.

A fire at Kewanee, a small mining town six miles south of Pikeville destroyed three dwelling houses last Friday night.

Mrs. G. W. Belcher, at Belcher Sliding is very sick with asthma.

Jasper and Sam Saad went to Ashland on business last week.

Mr. and Mrs. Frank Engler passed through here last Friday on their way home to Jenkins, after a visit of several days to Baltimore.

Mr. and Mrs. O. P. Chatfield returned last week from a trip to Ironton and Ashland, where they attended a meeting of the Christian science delegates.

Mrs. H. H. Stallard, daughter Lurle, Mrs. John Sword, daughter June, Mrs. Bert Blanton and Mrs. Elaine Varny attended the funeral of uncle James England at Yeager last Saturday.

T. A. Palmer, of Huntington is here this week.

J. E. Garnett, of Hazard passed through Pikeville Monday enroute to Prestonsburg to visit relatives.

John Keathley and family moved to Chloee creek Wednesday.

J. W. Light, formerly of Pikeville, now of Virginia, was here Wednesday.

Dr. Casebolt moved from the Coeman property at mouth of Chloee to West Pikeville Wednesday.

SOCIETY.

The ladies of the Christian church met at the home of Mrs. Eliza Steele last week and organized a Ladies Aid Society. The pulpit of this church has been vacant for several months, but with the coming of the Rev. G. J. Daniels, of Chaplain, Ky., formerly of Australia, the work will again be revived where Bro. Neal left off.

Perhaps the ladies of Pikeville would be interested to know how many of their number participated in the election last Tuesday. The official register of the two wards shows that 110 women cast ballots in the election for county superintendent.

A masquerade party was given Friday evening by Mrs. R. C. Elliott, teacher of the second and third grades at the public school, to her pupils at her home on College-st. A large number of students were present.

A dance was given at Jenkins by several of the young ladies and gentlemen of that city on the Halloween occasion, which was largely attended from Pikeville. Among those present from here were Mrs. A. S. Reece, Edward Wellman, C. M. Jackson and several others.

"STARVING TO DEATH"

Was Mrs. Bell, of Florida, When She Began Taking Peruna.

"Yes, I was starving to death," said Mrs. Emma Bell, of Fort Pierce, Florida, Box 204, "when I began to take Peruna. I could not eat anything. If I swallowed anything it soured on my stomach. My stomach was very much swollen. My bowels acted as if I had acute dysentery. I was in great distress and pain. Three doctors had been employed, but gave me no relief. I was continually growing worse.

I Was In Despair.

"In my despair I caught at every straw. Picking up a newspaper I saw some account of Peruna. There was a testimonial from a woman who had been troubled much like myself. I concluded to try Peruna.

I Wrote to Dr. Hartman.

"At the same time I wrote to Dr. Hartman. He pronounced my case catarrh of the stomach and bowels. I soon began taking Peruna. At once I began to improve. After taking half a bottle my stomach was so improved that I could eat some."

I Began to Recover.

Then this good housewife goes on to narrate in detail her rapid improvement and final recovery. She said, "After taking two bottles of Peruna I was strong enough to stand up to wash the dishes." When she began taking Peruna she weighed 102 pounds. After she had taken five bottles of Peruna she weighed 122 pounds. She concludes by saying that she is well.

It Was Twelve Years Ago.

The letter from which the above quotations were made was received January 29, 1901. In a later letter, written September 11, 1904, she says, "I sing the praises of Peruna far and near. It is used a great deal in our vicinity. This seems to be a bad place for catarrh." We have received letters from her since. The last time

we heard from her, December 1912, she was still a friend of Peruna.

For other testimonials on catarrh of the stomach, see "LIFE OF LIFE," sent free. Address Peruna Co., Columbus, Ohio.

The stomach and bowels are lined with a mucous membrane. They are therefore subject to catarrh, the same as the nose and throat. Catarrh of the stomach and bowels will derange the functions of these organs. The stomach can no longer digest food. The food lying in the stomach, even for a short time, without digestion, immediately sours. The souring produces gas and irritation.

Food Sours in the Stomach

A portion of the undigested meal is absorbed into the system by the blood vessels of the stomach. This poisons the whole system, producing a condition now known as auto-intoxication; self poisoning. The fermenting, irritating mass, as it passes down into the bowels irritates the bowels, producing sometimes a chronic diarrhea, sometimes producing the very opposite, constipation.

The average dyspepsia medicine helps to artificially digest the food. Even when such medicine does its work it is only temporary. A permanent relief can only be expected when the catarrh is overcome.

Symptoms of Catarrh of the Stomach.

The symptoms of catarrh of the stomach are: First, heartburn. Second, food rises in throat after meals. Third, sour stomach. Fourth, heavy feeling after eating. Fifth, stomach bloated, belching of gas. Sixth, palpitation of heart. Seventh, poor digestion, have dyspepsia. Eighth, tongue coated light brown. Ninth, tenderness over pit of stomach. Tenth, cannot bear tight clothes around waist.

People who object to liquid medicines can now obtain Peruna Tablets.

Letcher County News Notes.

WHITESBURG, KY., Nov. 4.—The November term of the Letcher Quarterly Court convened here yesterday with County Judge John D. Fitzpatrick presiding. A large number of important suits are to be tried. As a result a large number of people from all sections of the county are on hand. Many of the candidates were in town, shaking hands with friends and making a last appeal for votes in to-day's contest. This county will witness a spirited election, exciting and close, no doubt, in many instances.

The big band mill of the Watson-Kitchen Lumber Co., Ashland, is now in full operation on the large sawing contract of the Mineral Fuel Co. on Potters fork of Boone above here, where the development company will use most of the material for building purposes, the construction of a second model industrial city, similar to Fleming, already well established and under way on Wright's Fork. Mr. Lambert, long experienced in the lumber and mill business is superintending the work on Potters fork. The contract will last at least a year.

On Wednesday of last week U. S. Marshall Thomas Hollifield, of Knott county arrested Eld. Joseph Hall, Baptist minister and former member of the mercantile firm of Joseph Hall & Co., at Sergeant, in this county, charging him with an alleged failure to file the proper schedule in the recent bankruptcy proceedings instituted against him and his company, he being manager of the firm. He was brought here where he executed bond of \$1000 for his appearance in U. S. Commissioner Hale's court here the coming week. Hall returned to his home at Sergeant.

A report circulated by the enemies of Mr. C. C. Crawford, of Colson, this county, the Progressive nominee for County Court Clerk, that Mr. Crawford had withdrawn from the contest, was solely without foundation. It was evidently intended to injure Mr. Crawford's chances at winning the office.

County Court Clerk R. B. Bentley and Mrs. Bentley announce their intention of going to Hot Springs, Ark., next week, where they will remain a month or more in an effort to regain their rapidly falling health. Mr. Bentley has not been a well man for some time, something like stomach trouble, etc., while Mrs. Bentley is more or less ailing.

It is understood that the suit for libel by a man named Guinn, of Lincoln county, against N. M. Webb, editor of the Whitesburg Mountain Eagle, has been compromised satisfactorily to all parties. The suit was instituted against the Eagle editor several weeks ago for ten thousand dollars damage.

Near Mayking, above here, Thos. Hall, Jr., a young farmer, was thrown from a vicious mule late Saturday

and was painfully injured about the head and shoulders. Medical attention was immediately summoned and his wounds dressed. It is probable that the man will recover.

It is understood that a council of the Junior Order American Mechanics is shortly to be instituted at Sergeant, in this county. The Juniors are rapidly gaining favor in Letcher county, and a large number of councils will be instituted in the near future.

The work is being rushed with all possible haste on the new model roadway from Mayking, six miles to Kona, above here, under the supervision of Charles Hogg, of Pert creek. It is expected that much of the highway will have been completed before their beginning of bad weather.

It is said that the Letcher Fiscal Court is billed to have a meeting again this week to do some much needed business regarding roads and bridges in the county which were much injured by the construction of the Lexington and Eastern railroad through Letcher.

The Fiscal Court is doing everything in its power to relieve, as much as possible, the situation.

Brady Peyton, of Wilmington, O., with the Champion Bridge Co., who is to build the three bridges at Pine creek, Thornton and Millstone above here, has arrived and will start at once the construction of the latter bridge. All the bridges will be rushed as rapidly as possible. They are greatly needed. The Fiscal Court appropriated about twelve thousand dollars for building the roadway between Mayking and Kona and the construction of the three bridges. They are to be remembered for their generosity to the people of that section.

It is said that the construction of a fine new depot is shortly to be started at Mayking, above here. The building is greatly needed and we trust the railroad officials will act accordingly.
